#### Waste Profile Re-Certification Form

CES Waste Approval #: -2300

Customer:

Targa Midstream Services LP

Waste Generator:

Targa Midstream Services LP

Waste Stream Name:

Spent sodium hydroxide solution (from LSNG unit)

**Expiration Date:** 

8/22/2009

As per our waste analysis plan, CES Environmental Services, Inc. requires recertification of all approved waste profiles on an annual basis. The purpose of this form is to confirm that no changes have been made in the generation process of the aforementioned waste stream and that the waste stream remains classified as non-hazardous as per 40 CFR 261.3.

Generator hereby certifies that the components in the aforementioned waste stream and the process generating this waste stream remain the same as when issued the aforementioned CES Waste Approval Number: (Check Appropriate Box)

No changes, please recertify.

Analysis is NOT required for recertification.

Please send new profile as waste stream has changed.

Dear Gary Brauchman,

HOUSTON, TX 77021

Please review the attached copy of your Waste Product Questionnaire (WPQ) for above referenced waste stream.

Please attach the following items and return this form to me to complete the renewal process:

Please indicate your wish to either renew or discontinue your renewal of this waste stream and sign below. If there have been any changes to the waste stream, its classification, characteristics, components, the process generating this waste, or any section of the WPQ, please inform us of these changes using the space below.

[ X Updated WPQ
Waste Sample for testing
[   Current analytical (<1 year old)
[ ] MSDS
LDR Certification
Current TCEQ Waste Code #
Our technical review staff may be required to contact you for additional information if there are changes in federal or state regulations or company policy that would affect the management of this waste stream.
To keep your waste stream approval current we request your response as soon as possible. If you have any questions, please call me at 1-800-242-3209 or 361-387-3518. Thank you for your cooperation:
Sincerely Wale Schmalstug
NICOLE SCHMALSTIEG
CUSTOMER SERVICE ASSISTANT
Please indicate your wish to renew W/S # 090061358-0 as described above.
I hadicate your wish not to continue the renewal of your W/S# 090061358-0
Please list any changes to waste stream 090061358-0 its classification, characteristics and components, the process generating this waste, or any section of the WPQ.
Authorized Signature: Date

Please return to: Jill Albert, P.O. Box 307, Robstown, TX 78380, Fax # (361)387-0794

☐ Interceptor wastes ☐ Off-specification fuels ☐ Underground storage remediation waste ☐ Tank clean-out from petroleum or oily sources ☐ Non-contact used glycols ☐ Aqueous and oil mixtures from parts cleaning operations ☐ Wastewater from oil bearing paint washes
Organics Subcategory: Subpart C  Landfill leachate Contaminated groundwater clean-up from non-petroleum sources Solvent-bearing wastes Off-specification organic product Still bottoms Byproduct waste glycol Wastewater from paint washes Wastewater from adhesives and/or epoxies formulation Wastewater from organic chemical product operations Tank clean-out from organic, non-petroleum sources
(1) If the waste contains oil and grease at or in excess of 100 mg/L, the waste should be classified in the oils subcategory.
(2)  If the waste contains oil and grease less than 100 mg/L, and has any of the pollutants listed below in concentrations in excess of the values listed below, the waste should be classified in the metals subcategory.  Cadmium: 0.2 mg/L  Chromium: 8.9 mg/L  Copper: 4.9 mg/L  Nickel: 37.5 mg/L
(3)  If the waste contains oil and grease less than 100 mg/L, and does not have concentrations of cadmium, chromium, copper, or nickel above any of the values listed above, the waste should be classified in the organics subcategory.  Metals Subcategory  Oils Subcategory  Organics Subcategory
SECTION 10 Additional Instructions
If you cannot determine the correct subcategory in Section 9 and you did not furnish data for the concentration of Cadmium, Chromium, Copper, Nickel, and Oll and Grease, CES will send offsite to a commercial laboratory a sample to determine these concentrations. This will be prior to acceptance. The generator will be responsible for the cost of the analysis.
SECTION 11: Generator's Certification  The Information contained herein is based on generator knowledge and/or analytical data.  I hereby certify that the above and attached description is complete and accurate to the best of my knowledge and ability to determine that no deliberate or willful omissions of composition properties exist and that all known or suspected hazards have been disclosed. I certify that the materials tested are representative of all materials described by this document. ### MATERIAL SAFETY DATA SHEET

DATE PREPARED: 12/22/2000

MSDS No: M223 Sodium Bicarbonate

### CHEMICAL PRODUCT AND COMPANY IDENTIFICATION

Product Identifier: Sodium Bicarbonate Product Description: Sodium Bicarbonate

Product Code: M223

Product Name: Sodium Bicarbonate

Molecular Formula: NaHCO<sub>3</sub>

Generic Name: Baking Soda, Sodium Hydrogen Carbonate

#### MANUFACTURER:

HydroChem Industrial Services, Inc.

900 Georgia Ave. Deer Park, TX 77536

Customer Service: (800) 934-9376

#### 24 HR. EMERGENCY TELEPHONE

NUMBERS:

Emergency Contact:

HydroChem ER Emergency Phone (800) 569-4889

#### 2. COMPOSITION/INFORMATION ON INGREDIENTS

CAS Registry #

Sodium Bicarbonate

100

144-55-8

#### COMMENTS:

Exposure limits for this product are not established. A TLV of 10 mg/m3 is recommended for dust.

#### HAZARDS IDENTIFICATION 3.

#### EMERGENCY OVERVIEW

PHYSICAL APPEARANCE:

White powder

#### IMMEDIATE CONCERNS:

No hazard in normal industrial use.

Dust may be slightly irritating to eyes and respiratory tracts.

#### MEDICAL CONDITIONS AGGRAVATED:

None known

#### ROUTES OF ENTRY:

Skin and eye contact and inhalation

DATE PREPARED: 12/22/2000

MSDS No: M223

Sodium Bicarbonate

### 4. FIRST AID MEASURES

#### EYES:

Immediately flush eyes with water for 30 minutes while holding eyelids open. Seek medical attention.

#### SKIN:

Immediately wash with soap and water. Rinse thoroughly. Seek medical attention if effects occur. Launder contaminated shoes and clothing before reuse.

#### INGESTION:

If swallowed, give 2 glasses of milk (preferred) or water and consult physician.

#### INHALATION

Remove to fresh air. See a doctor if effects occur.

#### 5. FIRE FIGHTING MEASURES

Flashpoint and Method: Not Applicable Flammable Limits: Not Applicable Autoignition Temperature: None

#### EXTINGUISHING MEDIA:

Use alcohol foam, carbon dioxide, dry chemical or water spray when fighting fires involving this material.

#### FIRE FIGHTING EQUIPMENT:

As in any fire, wear self-contained breathing apparatus pressure-demand, (MSHA/NIOSH approved or equivalent) and full protective clothing to prevent contact with skin and eyes.

#### 6. ACCIDENTAL RELEASE MEASURES

#### GENERAL PROCEDURES:

Scoop into appropriate containers. Flush residual with plenty of water.

#### 7. HANDLING AND STORAGE

GENERAL PROCEDURES:

Refer to Section 8.

DATE PREPARED: 12/22/2000

MSDS No: M223

Sodium Bicarbonate

#### STORAGE:

No special precautions required.

### 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

#### **ENGINEERING CONTROLS:**

Ventilation - General and local ventilation are required.

#### PERSONAL PROTECTION

EYES AND FACE:

Chemical goggles required and an eye wash in work area.

#### RESPIRATORY:

None normally needed. For protection from dust, use NIOSH approved respirator with dust protection.

#### PROTECTIVE CLOTHING:

Clean body covering and chemical resistant gloves.

#### OTHER USE PRECAUTIONS:

Safety shower and eye wash in the work area.

#### 9. PHYSICAL AND CHEMICAL PROPERTIES

Physical State: Powder

Color: White pH: 8.3

Percent Volatile: None

Vapor Pressure: Not Determined Vapor Density: Not Determined Melting Point: 140°F 60°C Solubility in Water: 7 at 20°C Specific Gravity: 2.16 (water=1)

#### COMMENTS:

pH: for a 1% solution

Water Solubility: Solubility listed above is grams per 100 grams.

#### 10. STABILITY AND REACTIVITY

STABLE: Yes

DATE PREPARED: 12/22/2000

MSDS No: M223

Sodium Bicarbonate

HAZARDOUS POLYMERIZATION: No.

#### HAZARDOUS DECOMPOSITION:

Carbon dioxide and sodium hydroxide.

#### INCOMPATIBLE MATERIALS:

Strong acids

#### 11. TOXICOLOGICAL INFORMATION

#### ACUTE

Eyes: Irritant. May cause pain, redness, discomfort.

Skin: No effect expected. Prolonged or repeated contact may cause mild irritation.

Ingestion: No effect expected. Swallowing large amounts may cause illness.

Inhalation: No effect expected. Prolonged or repeated exposure may cause mild irritation. Dust is irritating.

#### TARGET ORGANS:

None known.

#### GENERAL COMMENTS:

Carcinogens:

Not listed by IARC, USA NTP, or USA OSHA.

### COMMENTS:

Only selected Registry of Toxic Effects of Chemical Substances (RTECS) data is presented in this document. See the actual entry in RTECS for complete information.

LD50 (rats) = 4220 mg/kg

RTECS Number: VZ0950000

#### 12. ECOLOGICAL INFORMATION

#### GENERAL COMMENTS:

Degradability: Not biodegradable.

Fish Toxicity: Low toxicity to fish expected.

### 13. DISPOSAL CONSIDERATIONS

#### PRODUCT DISPOSAL:

Dispose of in accordance with ALL applicable federal, state and local regulations.

DATE PREPARED: 12/22/2000

MSDS No: M223

Sodium Bicarbonate

#### EMPTY CONTAINER:

Send empty bags to sanitary landfill. Render other types of containers unuseable by puncturing or crushing and sending to a sanitary landfill unless prohibited by local regulations.

#### RCRA/USEPA WASTE INFORMATION:

This material is not a RCRA regulated material.

#### 14. TRANSPORT INFORMATION

DOT (DEPARTMENT OF TRANSPORTATION)

Proper Shipping Name: Sodium Bicarbonate - Not Regulated

Reportable Quantity (RQ) Under CERCLA: None

Placards: None Label: None

#### 15. REGULATORY INFORMATION

#### UNITED STATES

SARA TITLE III (SUPERFUND AMENDMENTS AND REAUTHORIZATION ACT)

Fire: No Pressure Generating: No

Reactivity: No

Acute: No

Chronic: No

Title III Notes: This product contains no substances which are defined as toxic chemicals under the reporting requirements of Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (40 CFR Part 372).

CERCLA (COMPREHENSIVE RESPONSE, COMPENSATION, AND LIABILITY ACT) Reportable Spill Quantity: Not established

TSCA (TOXIC SUBSTANCE CONTROL ACT)

TSCA Status: All components of this material are on the TSCA inventory.

#### STATE REGULATIONS

PROPOSITION 65 STATEMENT:

This product does not contain any substance(s) which are defined by the state of California to cause cancer, birth defects, or other reproductive effects.

#### 16. OTHER INFORMATION

REASON FOR ISSUE:

Biannual review

Approval date: 11/03/2000

DATE PREPARED: 12/22/2000

MSDS No: M223

Sodium Bicarbonate

#### REVISION SUMMARY

Revision #: 3

This MSDS replaces the November 13, 1998 MSDS. Any changes in information are as follows:

Duco (Duco - Houston) Production Wæte

Original – Shipper Provided Short Form Straight Bill of Lading – Not Negotiable – Domestic

SHIPPED FROM:
This is to certify that the above-named materials ar Duco, Inc.
11a) 05005-06476 EXP. 7/1/09
16661 Jacinto Port Blvd
Houston , TX 77015
11c)
(281) 249-2842
11c)

The property described below, in apparent good order, except as noted (content and condition of packages unknown), marked, consigned, and destined as indicated below, which said carrier (the word carrier being understood throughout this as meaning any person or corporation authorized to be in possession of the property under the contract) agrees to carry to its unusual place of delivery of said destination. If on its route, otherwise to deliver to another carrier on the route to said destination. This Bill of Lading is a receipt for goods; it is not of itself a contract of carriage. Its mutually agreed, as to each party at any time interested in all or any of said property, that every service to be performed hereunder shall be subject to all the terms and conditions contained in the applicable contract between shipper and carrier or intermediary.

For payment: Charges to be billed to Shipper or the "Billed to" party are set forth in the governing contract with Shipper, No charges other than those contained therein may be billed to Shipper or tire "Billed to" party without prior written consent of Shipper. The extra copy of this Bill of Lagding, furnished at the time of shippering, must be attached to the freight bill submitted to Shipper or the "Billed to" party and sent to:

#### **CONSIGNED TO:**

Rineco

I. WASTE MATERIAL PROFILE SHEET

In accordance with the Federal and State regulations, it is necessary for the Generator of hazardous waste to properly identify the waste for their records as well as to supply the disposal facility with the information necessary to handle the waste. The information outlined below

Status:

must be complete, and signed by the generator. PLEASE PRINT LEGIBLY OR TYPE.

Generator Name:

Address:

Smith International, Inc.

USEPA I.D. No.

TXCESQG36811

State I.D. No.

Phone:

713-676-1460

Fax: 713-676-1676

Pearland, TX 77047

14713 Jersey Store

Title:

Technical Contact:

Jenny Rust

24 hour Phone: 713-231-3803

24 Hour Emergency Contact:

Gary Brauckman

Is this material located or generated in a foreign country?

No

Foreign Address:

II. GENERAL INFORMATION

Paint Related Material Material Name:

A. Does waste exhibit the characteristic of ignitability as defined in 40 CFR 261.21? Yes

B. Does waste exhibit the characteristic of corrosivity as defined in 40 CFR 261.22? No No C. Does waste exhibit the characteristic of reactivity as defined in 40 CFR 261.23?

Yes D. Is waste a spent solvent as defined in 40 CFR 261.31?

No E. Is waste a discarded chemical product, off spec, container or spill residues as defined in 40 CFR 261.33?

Detailed description of process generating waste:

used in painting operations

Anticipated Monthly Volume:

4 drums

Bulk: No Drum: Yes No

III. MATERIAL COMPOSITION IV. PHYSICAL CHARACTERISTICS Physical State: Multi Phase Concentration Min Free Liquid: COMPONENT Max Yes Actual Paint - Solvent Based 90.00 100.00 Viscosity: Medium Ethylbenzene 2.00 5.00 Layers: Single 2.00 Methanol 5.00 Odor: Strong 2.00 Xylene 5.00 Flash Point: 74-140F 0.00 10.00 Paint Cans BTU: pH Level: NA Actual pH: Density: V. OTHER CHARACTERISTICS Explosive Dioxin No No Radioactive Shock Sensitive No No Sulfide PCB No No Etiological Cyanide No No Water Reactive **Pyrophoric** No No

Subject:

CES

Here are the customers with negative integrity drums.

CES-004254997JJK (1 drum)

NOV rig-004254907JJK (3 drums)

Dana Container-004254737 (2 drums-1 of the 2 drums is leaking)

We have 2 overpacks at the 10 day. The charge for the overpacks is \$110.00 each. Please let me know.

**Thanks** 

Maya Cargle

#### Lori Salazar

From:

Durim Tafilai

Sent:

Monday, June 08, 2009 12:28 PM

To: Cc: Lori Salazar Jennifer Rust

Subject:

VAM-USA

18 drums of CES-1300 (Empty)

10 drums of CES-1072 (Drain Sludge) manifesty

2 drums of CES-1165 (Phosphate Sludge)

4 drums of CES-1164 (Oily Gloves and Rags)

#### Jenny,

We did an inventory of a bunch of 5-gal pails that they have about a month or two ago and Richard has been wanting to get them out of there as soon as possible. Any update on the profile status from the inventory?

#### The pails are as follows:

30 Bags of T-Tex Black Magic (50 lbs. ea.)

- 31 BestofLife "2000" (5 gal.) [all sealed]
- 14 JetLube Nikal "Pure-Nickel Anti-Seize Lubricant" (5 gal.) [all sealed]
- 13 JetLube "Seal-Guard" (5 gal.) [all, but one with lids {8 Unused, 5 half used}]
- 26 BestofLife "72732" (5 gal.) [all with lids {3 half used}]
- 3 Shell "72732" (5 gal.) [all with lids]
- 8 Liquid-o-Ring "Thread Sealant" (6-1 gal, 2-5 gal.) [all with lids]
- 1 Sumifilm C 2.0 (5 gal.) [has lid]
- 7 BestofLife "PTC" (5 gal.) [all sealed]
- 12 Fuchs "anticorit SV 7 X" (5 gal.) [all with lids] + 3 drums of this stuff
- 3 Jet Lube "API Modifier" (5 gal.) [all with lids]
- 2 Trasar "26580A" (5 gal.) [have lids]
- 2 Rust-Oleum (1 gal.) [have lids]

Thank you, **Durim Tafilaj**

4343 KENNEDY AVE; EAST CHICAGO, IN 46312 Ph: 800-388-7242 / Fx: 219-397-6411 5485 VICTORY LANE; MILLINGTON, TN 38053 Ph: 888-724-8366 / Fx: 901-353-9471

#### POLLUTION CONTROL INDUSTRIES WASTE STREAM RECERTIFICATION

All waste streams not received by Pollution Control Industries for longer than one year are considered inactive and must recertified before shipment.

WASTE STREAM NUMBER 25 60 CURRENT PROCESS CODE  Original Approval Date 5 4 2004 Last Shipped On  Generator Innac-DST Transporters  Address 1330 Baypark Road Billing Name CES Environmental Set  Billing Add 4404 Chique Pood  City Fasayena State TX  Phone:  Phone:	<del>F</del>
Please Check the Appropriate  ****ALL PROFILES WITH ORIGINAL APPROVAL DATE PRIOR TO FEBRUARY 1, 2003 MUST HAVE COMPLETED INCLUDED WITH RECERT FORM.  ****ALL PROFILES THAT HAVE HAD CHANGES TO PROCESS GENERATING OR WASTE CHARACTERIZATIONS	
COMPLETED PROFILE WITH RECERTIFICATION FORM	THOST HAVE
<ol> <li>Has the waste stream change since the original approval??? (Changes can include: Process g physical or chemical characteristics, or RCRA or DOT characterization)</li> </ol>	enerating, YesNo
Was the original approval date prior to February 1, 2003?	Yes No
If the answer was 'Yes' to EITHER questions 1 or 2 then please forward current copy of the wa waste stream profile with this recertification statement	ste
If the answer was 'No' to BOTH questions 1 and 2 then I certify this waste and it's process generating, RCRA and DOT classification, and chemical and properties have remained unchanged since the original approval.	l physical YesNo
I hereby certify that the above and attached description is complete and accurate to the best of my knowledge and abilithat have occurred to this waste stream have been disclosed and a copy of the current profile provided. No deliberate of composition or properties exist and that all known or suspected hazards have been disclosed.

## **Standard Operating Procedure**

THINK USE GOOD JUDGMENT	CES Environmental Services, Inc.	YOUR ATTITUDE COUNTS
Date Issued: <u>12/31/2008</u>	DEPARTMENT(S):  -Operations -Processing -Tank Wash -Transportation -Maintenance and Field Services -Sales, Finance, and Administration	Revised Date: 00/00/0000
SOP Number: <u>08-043</u>	SOP Title: Purchase Order Request Form	SOP Description: Defines the procedures for Creating and Entering Purchase Order Request Forms into the System.

This <u>Standard Operating Procedure (SOP)</u> outlines the <u>Purchase Order (PO) Request Form</u> procedures from Beginning to End.

### 1 Purpose

The <u>Purchase Order (PO) Request Form</u> will be completely filled out and submitted when any item(s), hardware(s), etc. needs to be bought and/or services are needed and/or **Vendors** need to get paid to continue Operations at the **CES Environmental Services, Inc.** Facility. If the item(s), hardware(s), etc. and/or services needed and/or **Vendors** will be paid by Cash, Check or Credit Card a <u>Purchase Order (PO) Request Form</u> will be completely filled out and submitted. The <u>Purchase Order (PO) Request Form</u> can be found on the **Shared Drive** within the **Forms and Logos Folder**.

Purchase Order (PO) Request Forms do not need to be filled out for: Insurance, all Utilities, all Loan Payments, Facility Lease or Loan Payments, Barge and Railcar Rentals, Capital and/or Operating Leases and/or Payments to Financial Institutions and other Creditors, Disposal Sites associated with **Customer** Job Expenses sent directly to a Third Party Disposal Facility.

**Note:** Wastes derived from Internal Processing at **CES Environmental Services, Inc.** and sent to an Off Site Disposal Facility will require a <u>Purchase Order (PO) Request Form</u> to be completely filled out and submitted.

### 2 Initiation of the Purchase Order (PO) Request Form

When a CES Environmental Services, Inc. Employee needs to purchase any item(s), hardware(s), etc. and/or services are needed and/or Vendors need to get paid to continue Operations, the CES Environmental Services, Inc. Employee will completely and with detail fill out a <u>Purchase Order (PO)</u> Request Form.

If a <u>Purchase Order (PO) Request Form</u> is a request for a <u>Customer's Job</u> or multiple <u>Customers' Jobs</u>, you must get an <u>Individual Purchase Order (PO) Request Form</u> per <u>Vendor per Customer per Job</u>. Additionally, no <u>Customer's Job Expenditure</u> requests may be mixed on the same <u>Purchase Order (PO) Request Form</u> as those requested for <u>CES Environmental Services</u>, <u>Inc.</u> Internal Expenses.

After the <u>Purchase Order (PO) Request Form</u> is completely filled out and signed by the **CES Environmental Services, Inc. Employee** (in the Signatory Area Designated "Submitting Employee"), the **CES Environmental Services, Inc. Employee** should then do the following:

a. For Internal Expense Requests, the submitting CES Environmental Services, Inc. Employee will take the completely filled out <u>Purchase Order (PO)</u>
<u>Request Form</u> to the appropriate Departmental Upper or Mid Level Manager requiring the Expenditure. This Upper or Mid Level Manager must then approve the Expense. In order to approve the Expense, the Upper or Mid Level Manager must first ensure that the Expense is needed and required by their Operation.

Second, the Upper or Mid Level Manager should determine and note (on the Purchase Order (PO) Request Form) both the Class Code and the specific Account Code to which the Expense should be allocated and how this will affect the Budget for this Account Code. Once this has been determined, the Upper or Mid Level Manager must validate that they have not exceeded their Overall Department Budget Currently (by Class Code) and will not exceed the Budget for the Entire Current Month (reference the Standard Operating Procedure (SOP)). Once all this has been verified, the Upper or Mid Level Manager should then sign the Purchase Order (PO) Request Form in the Signatory Area Designated "Required By." Upper or Mid Level Managers are not allowed to over-spend their Budget without permission from the President, the Vice President of Accounting, Finance, Sales, and Administration or the Vice President of Operations and Maintenance. If an Expense currently exceeds allocated Department Budget (or will cause Monthly Budgetary over-runs later in the Month), the Upper or Mid Level Manager must get approval from One of the Three Aforementioned Executives (they are to sign in the Signatory Area on the Purchase Order (PO) Request Form designated "Executive Approval"). Also, Expenses exceeding \$10,000.00 must be approved by One of the Three Aforementioned Executives.

For Customer Job Expenses, the submitting CES Environmental Services, Inc. Employee must get the signature of the appropriate Customer Service and Inside Sales Representative. Before approval, the Customer Service and Inside Sales Representative must review the Job Folder and/or contact the appropriate Sales Representative to ensure that the Customer will be charged for the Expensed Item. This must be documented on the P&L Sheet in the Customer Job Folder. The Customer Service and Inside Sales Representative will now sign the Purchase Order (PO) Request Form in the Signatory Area designated "Required By." The Customer Service and Inside Sales Representative will make a Copy of the Purchase Order (PO) Request Form and File it in the appropriate Customer Job Folder (this must be done the same Day).

Note: This will include <u>Purchase Order (PO) Request Forms</u> obtained for Disposal of Wastes received at **CES Environmental Services**, **Inc.** and redirected to a Third Party Disposal Site. In such cases, the requesting **Employee** must make the request and designate the specific **Customer** and **Customer Job Folder**.

- b. Next, the submitting CES Environmental Services, Inc. Employee will take the <u>Purchase Order (PO) Request Form</u> to the Administrative Assistants-Accounts Payable Representative and the following Steps should be performed:
  - 1. The Administrative Assistants-Accounts Payable Representative will review and ensure the For Office Use Only Section of the <u>Purchase Order</u> (<u>PO) Request Form</u> is accurate and complete (paying special attention to the designation of proper Class Codes and Chart of Accounts in **QuickBooks**.

For Internal Expenses, the Administrative Assistants-Accounts Payable Representative will also check the remaining Budget (by exact Class Code) against the requested Expense on the Budget Tab of the Current UBET File located on the Shared Drive within the Budgets Folder (reference Standard Operating Procedure (SOP)). If the Expense exceeds the Budget, Executive Approval is required or the Purchase Order (PO) Request Form will not be approved and a Purchase Order Number will not be assigned.

2. The appropriate <u>Purchase Order (PO) Request Form</u> Information is Entered into the <u>Purchase Order Log Book</u> located on the Top of the <u>Paid Bills Cabinet</u> behind the <u>Administrative Assistants-Accounts Payable Representative's Desk 1 and the Administrative Assistants-Accounts Payable Representative's Desk 2. The <u>Administrative Assistants-</u></u>

Accounts Payable Representative will write the Purchase Order Number from the Purchase Order Log Book onto the Purchase Order (PO)
Request Form by the PO Number Blank.

3. The Original Purchase Order (PO) Request Form is placed behind the Current Open Purchase Order (PO) Request Forms in the Purchase Order Log Book located on the Top of the Paid Bills Cabinet behind the Administrative Assistants-Accounts Payable Representative's Desk 1 and the Administrative Assistants-Accounts Payable Representative's Desk 2.

Note: The CES Environmental Services, Inc. Employee will keep a Copy of the Purchase Order (PO) Request Form.

4. The Administrative Assistants-Accounts Payable Representative will Next Log the <u>Purchase Order (PO) Request Form</u> into the Tracking Tab of the Current **UBET File** located on the **Shared Drive** within the **Budgets Folder**. This Spreadsheet keeps a Monthly running Total of Expenses by both Class Code and Account Code and can be reviewed by the **Upper Level Managers** throughout the Month to Track and Control Expenses.

#### 3 Receipt of Goods and Services Requested

When the Delivery occurs, the submitting CES Environmental Services, Inc. Employee should be contacted. When the submitting CES Environmental Services, Inc. Employee takes Delivery and Receives the Packing Slip, Bill, Delivery Ticket, and/or Bill of Lading (collectively "Delivery Documentation") for the item(s), hardware(s), etc. and/or services received, the CES Environmental Services, Inc. Employee will first validate the Delivery Documentation both against the actual items currently received and the Original Request made on the Purchase Order (PO) Request Form. Any discrepancies must immediately be rectified with the Vendor. Any Manuals received for Equipment will be properly Managed (reference the Standard Operating Procedure (SOP)).

Next, the submitting **CES Environmental Services**, **Inc. Employee** will Staple together all associated Delivery Documentation and deliver them to the **Accounts Payable/Accounts Receivable Office**. This Documentation must be placed in the **Delivery Documentation Inbox**.

a. When the Administrative Assistants-Accounts Payable Representative receives Delivery Documentation, the Administrative Assistants-Accounts Payable Representative will pull the Purchase Order (PO) Request Form from the Purchase Order Log Book to verify that what is listed on the Purchase Order (PO) Request Form correlates with what is listed on the Delivery Documentation. Any discrepancies discovered must be rectified immediately

with both the submitting CES Environmental Services, Inc. Employee and the Vendor. Next, the Administrative Assistants-Accounts Payable Representative will Staple the <u>Purchase Order (PO) Request Form</u> to the Delivery Documentation and check off all items have been received and/or work has been completed. The Delivery Documentation bundle will Next be Filed Alphabetically (by Vendor) in the Received Goods/Services Pending Cart located in the Accounts Payable/Accounts Receivable Office.

Note: If any item(s), hardware(s), etc. and/or services have not been received (i.e. a Partial Delivery has been made) the Administrative Assistants-Accounts Payable Representative will Document and Highlight on the Purchase Order (PO) Request Form what has been received and/or work that has been completed and what remains un-received.

b. For Expenses pertaining to CES Environmental Services, Inc. Internal Work, when the Administrative Assistants-Accounts Payable Representative Receives a Bill (either via Mail or Email), the Administrative Assistants-Accounts Payable Representative will pull the Purchase Order (PO) Request Form and associated Delivery Documentation from either the Purchase Order **Log Book** (in cases where Delivery Documentation was not expected/required) or the Received Goods/Services Pending Cart (in cases where Delivery Documentation was applicable). The Administrative Assistants-Accounts Payable Representative will then Staple the Bill to the Front of the Delivery Documentation and Purchase Order (PO) Request Form and Enter the Bill into **OuickBooks** while paying special attention to proper Class Code and Account Code allocation. The Bill will be Initially Dated with Current Date in **OuickBooks.** The Administrative Assistants-Accounts Payable Representative will Next Enter the Bill into the "Actual" Column of the Tracking Tab in the Current Monthly UBET File located on the Shared Drive within the **Budgets Folder**. All Original Bills and their corresponding Delivery Documentation and Purchase Order Request Forms (hereinafter referred to simply as "Bills") will be used Daily for Reconciliation Activities.

For Expenses pertaining to Customer Jobs, when the Administrative Assistants-Accounts Payable Representative Receives a Bill (either via Mail or Email) pertaining to a Customer Job Cost, the Original Bill will be given to the appropriate Administrative Assistants-Accounts Receivable Representative. When the Customer is ready to be Billed for the Job, the Administrative Assistants-Accounts Receivable Representative will put an Orange Check Mark on the Original Bill and make a Copy (to be placed in the Customer Job Folder). The Administrative Assistants-Accounts Receivable Representative will Enter the Bill into QuickBooks paying special attention to proper Class Code and Account Code allocation. The Bill will be Initially Dated with Current Date in QuickBooks. All Original Bills and their corresponding Delivery Documentation and Purchase Order Request

# PROPRIETARY and CONFIDENTIAL Property of CES Environmental Services, Inc.

<u>Forms</u> (hereinafter referred to simply as "Bills") will be given to the **Administrative Assistants-Accounts Payable Representative** for Daily Reconciliation.

**Note:** All Third Party Disposal Revenues and Expenses will have a Class Code of **DRM** (this includes Redirected Loads).

### 4 Daily Reconciliation

a. On the Day <u>Bills</u> are Entered into QuickBooks, the Administrative

Assistants-Accounts Payable Representative will place the <u>Bill</u> in the Daily
Reconciliation Folder located on the Administrative Assistants-Accounts
Payable Representative's Desk 1 and the Administrative AssistantsAccounts Payable Representative's Desk 2. At the End of each Day, the
Administrative Assistants-Accounts Payable Representatives will place the
Daily Reconciliation Folders on the Office Supervisor's Desk for Daily
Reconciliation Activities (reference the Standard Operating Procedure (SOP)).

Note: Any adjustments or credits for the Day are placed in the Color Folder located inside the Daily Reconciliation Folders. Also, the Administrative Assistants-Accounts Payable Representative should not Enter Bills with an Orange Check Mark into QuickBooks as they have been pre-entered by the Administrative Assistants-Accounts Receivable Representative.

b. After the Daily Reconciliation of the CES Environmental Services, Inc.

QuickBooks versus the Black Book (reference the Standard Operating

Procedure (SOP)), the Office Supervisor will give the Daily Reconciliation

Folders back to the Administrative Assistants-Accounts Payable

Representative the following Morning. The Administrative Assistants
Accounts Payable Representative will change the Bill Date in QuickBooks to the Date when the Bill was received.

**Note:** If the <u>Bill</u> was received within the Current Month, then put the <u>Date the Bill</u> was received. If the <u>Bill</u> was received for the Previous Month, then put the <u>Date for the Bill</u> as the First Day of the Current Month.

c. Everything in the Daily Reconciliation Folders is then Filed away in the Pending for Payment Folder located on the Right Hand Side of the Administrative Assistants-Accounts Payable Representative's Desk 1. The Bills will remain here until Payment is issued. Once the Payment has been made on previously Entered Bills, they will be Filed Alphabetically by Vendor with the most Current Bills in front within the Paid Bills Cabinet located behind the Administrative Assistants-Accounts Payable Representative's Desk 1 and the Administrative Assistants-Accounts Payable Representative's Desk 2.

# PROPRIETARY and CONFIDENTIAL Property of CES Environmental Services, Inc.

### 5 Archiving

- a. The **Paid Bills Cabinets** are archived Yearly, but kept in the **Accounts Payable/Accounts Receivable Office** at least Six Months before being placed in the **Archived Room** within the **Training Center**.
- b. The CES Customer Files Cabinets are archived when needed and placed in the Archived Room within the Training Center.
- c. The **Tank Wash Customer Files Cabinets** are archived when needed and placed in the **Archived Room** within the **Training Center**.

RE: Metal Systems and MSI Equipment Centers Is Now Lectrus Corporation

Dear Vendor:

Effective immediately, Metal Systems of Chattanooga, Tennessee and MSI Equipment Centers of Houston, Texas have consolidated under one company name and one brand, Lectrus Corporation.

This new brand is a reflection of the company's dynamic growth, expansion into new products and markets and vision of innovation and leadership for decades to come. Lectrus represents four decades of reliable metal building production coupled with expertise integrating complex electrical systems for the power, oil and gas and industrial markets.

Over the next 90 days, we will transition to this new name. In the meantime, please notify your sales and operations staff and make changes to our account name as appropriate.

If you have any questions or concerns, please feel free to contact me or any member of our management team here at Lectrus.

Respectfully yours,

Bill Nichols
Purchasing Manager

### Credit Information

History:

MSI Equipment Centers, Inc. was formed in June, 2004 by acquiring the operating assets of Cleveland Manufacturing, Inc. This acquisition was completed on August 26, 2004. MSI Equipment Centers, Inc. was a wholly owned subsidiary of Metal Systems, Inc of Chattanooga, TN until it became Lectrus Corporation on February 4, 2009.

# **Customer Service Meeting**

### June 23<sup>rd</sup> 2009

### **New Stuff**

Reassign Responsibilities – see page 2

Lunch schedule

Clocking in & Out - Let me know if you change from 8am to 6pm

On Call Weekend Schedule – see page 3

Job Revenue not profit

Lab surcharges – "meet specs"

Box Container Spreadsheet

PO's - once a week

>30 labels pre-print

Put jobs in ASAP

Write J#, PO# in billing comments when scheduled to  $3^{rd}$  Party

Green manifest

### **Old Stuff**

Job Entry – see list

Dispatch - only Javier to call drivers or schedule

No internet or Messaging w/ out permission outside of lunch

Personal phone calls to a minimum

## **Responsibilities**

Durim -Future Ship Transfers..?

Drum inventories

Sample pulling & delivery

Help with profile entry

Eurim - Help with profile entry

TCEQ stuff

Jenny – Ramiz Talifaj – August ship- train Durim?

Joe Camp

**Matt Bowman** 

Railroad

Caustic / Barges

Lori - Dana Carter

Paperwork completion

Routine List

Petroleum Tankwash

10 Day Shipments

Fire extinguisher monthly check up

Box redirects

Morgan - Dan Bowman

## Waste Pre-Acceptance/Approval Letter

Date 7/23/2009

Dear Nelson Fetgatter

Thank you for choosing CES Environmental Services, Inc. for you waste disposal and/or recycling needs. The following waste stream has been approved at our facility in Houston, TX. If the waste received does not conform to the profile, then rejection or additional charges may apply.

CES Profile # HOU-3432

Expiration Date 7/23/2011

Generator: Bioselect Fuels, Inc.

Address: 4800 Old Port Industrial Rd

Galveston, TX

### Waste Information

Name of Waste: Absorbent & Debris TCEO Waste Code #: 00121921

Container Type:

25 yd. box

Detailed Description of Process Generating Waste:

Used absorbent from cleaning up biodiesel on the ground

Color: Brownish

Odor: Mild

pH: Na

**Physical State:** 

Incompatibilities: Na

Safety Related Data/Special Handling:

PPE

If you have any questions concerning this approval and/or the conditions, then please feel free to contact our office at (713) 676-1460.

Thank you,

Matt Bowman, President

CES Environmental Services, Inc.

SECTION 10: Waste Receipt Classification Under 40 CFR 437
Is this material a wastewater or wastewater sludge?   YES   NO
If 'Yes', complete this section.
PLEASE CHECK THE APPROPRIATE BOX. IF NO APPROPRIATE CATEGORY, GO TO THE NEXT PAGE.
Metals Subcategory: Subpart A
Spent electroplating baths and/or sludges  Metal finishing rinse water and sludges Chromate wastes Air pollution control blow down water and sludges Spent anodizing solutions Incineration wastewaters Waste liquid mercury Cyanide-containing wastes greater than 136 mg/l Waste acids and bases with or without metals Cleaning, rinsing, and surface preparation solutions from electroplating or phosphating operations Vibratory deburring wastewater Alkaline and acid solutions used to clean metal parts or equipment
Oils Subcategory: Subpart B
Used oils Oil-water emulsions or mixtures Lubricants Coolants Contaminated groundwater clean-up from petroleum sources Used petroleum products Oil spill clean-up Bilge water Rinse/wash waters from petroleum sources Interceptor wastes Off-specification fuels Underground storage remediation waste Tank clean-out from petroleum or oily sources Non-contact used glycols Aqueous and oil mixtures from parts cleaning operations Wastewater from oil bearing paint washes
Organics Subcategory: Subpart C
Landfill leachate Contaminated groundwater clean-up from non-petroleum sources Solvent-bearing wastes Off-specification organic product Still bottoms Byproduct waste glycol Wastewater from paint washes Wastewater from adhesives and/or epoxies formulation Wastewater from organic chemical product operations Tank clean-out from organic, non-petroleum sources

<b>(</b> 1)	If the waste contains oil and	grease at or in excess	of 100 mg/L.	the waste should be	classified in the oils subcatego	ΓV

(2) If the waste contains oil and grease less than 100 mg/L, and has any of the pollutants listed below in concentrations in excess of the values listed below, the waste should be classified in the metals subcategory.

Cadmium: 0.2 mg/L Chromium: 8.9 mg/L Copper: 4.9 mg/L Nickel: 37.5 mg/L

(3)	If the waste contains oil and grease less than 100 mg/L, and does not have concentrations of cadmium, chromium, copper, or
	nickel above any of the values listed above, the waste should be classified in the organics subcategory.

Metals Subcategory
Oils Subcategory
Organics Subcategory

### **SECTION 11: Additional Instructions**

If you cannot determine the correct subcategory in Section 9 and you did not furnish data for the concentration of Cadmium, Chromium, Copper, Nickel, and Oil and Grease, CES will send offsite to a commercial laboratory a sample to determine these concentrations. This will be prior to acceptance. The generator will be responsible for the cost of the analysis.
